

ARIS MUNANDAR

Frontend Developer

Jawa Tengah, Indonesia

arismun0010@gmail.com | 082134917515 | <https://www.linkedin.com/in/aris-mun/>

PROFESSIONAL SUMMARY

Experienced in leading and building high-performing development teams to successfully deliver product goals with efficiency and impact. Proven ability to align team dynamics with business objectives, fostering a results-driven culture and collaborative environment.

Strong understanding of customer business processes and development strategies, enabling the creation of solutions that are both technically sound and aligned with user needs. Skilled in full-stack web development, with hands-on expertise in designing and developing scalable, maintainable, and user-centric web applications.

Proven track record of delivering impactful solutions across various sectors, including fintech (Simobi), govtech (BPJPH), automotive (Auto2000), and healthcare (Otsuka) — ensuring relevance, performance, and compliance.
